DESCRIPTION

This swivel-in T-slot nut joins attachments to slot 8 aluminium profiles and can also be fitted into profiles that are already assembled. Thanks to its stainless steel construction and ESD capability, it is suited to applications with high cleanliness and electrostatic discharge requirements, such as electronics manufacturing.

- Swivel-in design, so mounting needs no access to the profile end
- M4 thread for direct bolting of attachments
- Stainless steel with a stainless spring steel spring, ESD-capable
- High groove retention of 2200 N
