DESCRIPTION

The WT 2/H carrying plate is used for self-assembly and individual configuration of workpiece pallets in the Bosch Rexroth transfer system. It is intended for users who adapt pallets to specific requirements or build large workpiece pallets for high loads. The plate is completely drilled and ready for assembly.

- Universal aluminum carrying plate for high loads and large workpiece pallets
- Completely drilled and ready for assembly
- Can be combined with the WT 2/H workpiece pallet kit
- Freely configurable with frame modules, positioning bushings and fasteners
