DESCRIPTION

The cover cap 30x30 D8.4 in signal gray closes the open ends of Bosch Rexroth aluminum profiles with a 30x30 mm cross-section and profile slot 8. The 8.4 mm through-hole at the center accommodates a fixing screw or cable run, keeping the end face tidy without sacrificing accessibility. Polypropylene (PP) construction keeps weight minimal and provides good resistance to oils, greases, and common industrial cleaning agents. Signal gray color aligns with the Bosch Rexroth profile system standard for a consistent, professional assembly appearance.
