## DESCRIPTION

The cover cap 3842548784 closes the open ends of aluminium profiles with a 40x40 cross-section and a profile slot of 10 mm. It presses into the profile end without tools, precisely fitting the 40 mm modular dimension. Polypropylene (PP) keeps the cap light at 4.81 g per piece while offering chemical resistance suitable for standard industrial assembly environments. Signal gray matches the colour scheme of Rexroth aluminium profile systems throughout the assembly technology range.

- Tool-free snap-in fit to profile slot 10 - no adhesive or fasteners needed
- PP material: lightweight, chemically resistant, no corrosion risk
- Signal gray finish coordinated with Rexroth assembly technology profiles
- Pack of 20 for efficient stock management on larger assemblies
