

ESD-Abdeckkappe 80x120, PP, schwarz - Bosch Rexroth 3842548793

Item no. BRR-3842548793

Manufacturer Bosch Rexroth

End cap for Bosch Rexroth profiles with an 80x120 mm cross-section, made from black ESD-safe polypropylene. Seals open profile ends against dirt and mechanical damage while meeting ESD requirements in electronics assembly environments. Supplied in packs of 20.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Colour	Black
Country of Manufacture	Germany
Hinweis	Gemäß der aktuellen Preisstruktur werden für Bestellungen von Profilen mit einer Länge von 1500 mm zusätzliche Kosten in Höhe von 80,00 Euro berechnet.
Weight	0.03509 kg
Zolltarifnummer	39235090

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The 80x120 ESD cover cap closes the open ends of Bosch Rexroth 80x120 mm aluminium profiles. Moulded in polypropylene (PP), the cap provides solid mechanical protection at minimal weight; the ESD-safe formulation prevents electrostatic charge build-up on the profile surface - essential wherever sensitive electronic assemblies are handled.

- ESD-safe: protects electronic components from electrostatic discharge at open profile ends
- 80x120 mm cross-section, modular dimension 40 mm, profile slot 10 - designed to fit the Rexroth profile system precisely
- PP construction: lightweight, corrosion-resistant, chemically stable in standard industrial environments
- Black colour for a consistent appearance across the assembly frame
- Packaging unit of 20 pieces for efficient stock management
