## DESCRIPTION

Cover cap 3842548800 closes the open ends of aluminum profiles with a 45x45 cross-section and profile slot 10. Made from impact-resistant polypropylene (PP) in signal gray, it matches the standard color of Bosch Rexroth 45-series assembly profiles. The cap prevents dirt and swarf from entering the profile slot, protecting profile ends in assembly lines, workstations, and guarding structures.

- Precise fit: designed specifically for 45x45 cross-section with profile slot 10
- PP material: lightweight, corrosion-resistant, and durable enough for continuous use
- Signal gray finish: visually consistent with the 45-series profile range
- Packaging unit of 20: practical for series assembly and stock management
