DESCRIPTION

The 20x20 ESD cover cap closes off gusset brackets in aluminum profile assemblies, keeping connection points free of dust and swarf. Made from ESD-grade PP in conductive black, it meets the requirements of electrostatic protected areas (EPA) and fits directly into the standard 20x20 Bosch Rexroth profile system without tools.

- ESD-compliant - suitable for EPA workstations and production lines
- Precise fit for 20x20 gusset connectors in the Rexroth profile system
- PP material - lightweight, chemically resistant, dimensionally stable
- Black color - meets ESD color coding standards, clean finish
- Pack of 20 - cost-effective for series and line builds
