DESCRIPTION

The 40x80 ESD cover cap closes the open faces of gusset brackets in the 40x80 size and is rated for use in electrostatic-discharge-sensitive (ESD) assembly areas. Made from polypropylene (PP) in signal gray, it integrates directly with Bosch Rexroth aluminum profile systems without modification.

- ESD-rated: protects sensitive components from electrostatic discharge
- Precise fit for 40x80 gusset brackets - no rework required
- Polypropylene construction: lightweight, corrosion-resistant, easy to install
- Pack of 20 for efficient series assembly
