

Rücklaufsperrre VE 2/RS-H für Transfersystem TS 2plus - Bosch Rexroth 3842549698

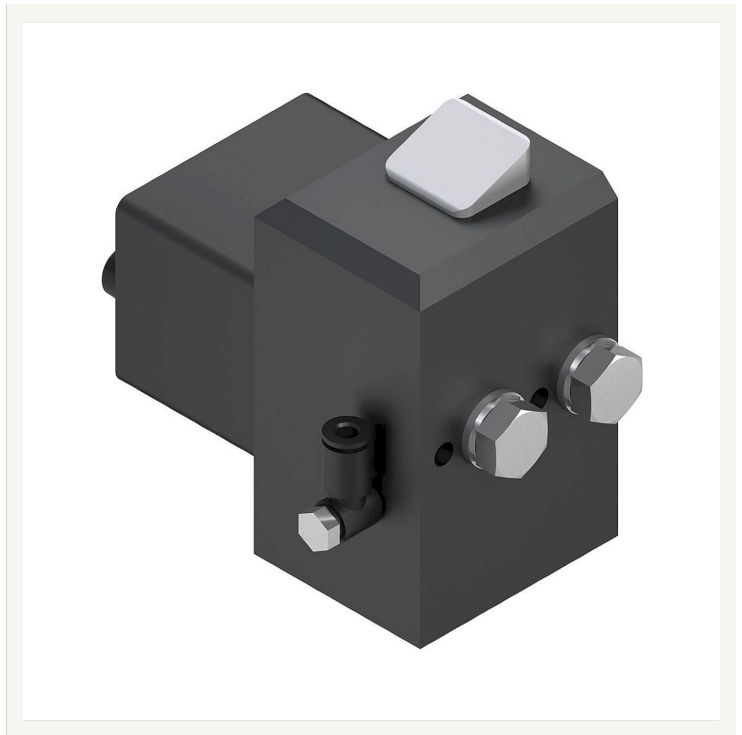

Item no. BRR-3842549698

Manufacturer Bosch Rexroth

Prevents workpiece pallets from sliding back in the TS 2plus transfer system - with no auxiliary power required. The hard-anodized aluminum housing and hardened steel stop cam handle pallet total weights up to 250 kg and operating temperatures from 0 to +60 °C. Supplied not assembled for straightforward integration into existing TS 2plus lines.

TECHNICAL DATA

Ausführungsklasse	TEC
Weight	0.1 kg
Zolltarifnummer	84313900

DESCRIPTION

The Return Stop VE 2/RS-H holds workpiece pallets securely against backward movement in the Bosch Rexroth TS 2plus transfer system. Operating without electrical or pneumatic power, it is well suited to assembly and production lines where a controlled, one-directional part flow is required.

- Passive operation: no power connection needed, low maintenance
- Hard-anodized aluminum housing - corrosion resistant and lightweight
- Hardened steel stop cam for high wear resistance
- Rated for workpiece pallet total weights up to 250 kg
- Operating temperature 0 to +60 °C; high-temperature version available on request
- Supplied not assembled - easy to integrate into existing TS 2plus conveyor lines

TECHNICAL DATA

Property	Value
Mass [m]	3 kg
Workpiece pallet total weight [mG] max.	250 kg
Operating temperature	0 ... +60 °C
Housing	Aluminum, hard anodized
Stop cam	Steel, hardened

	Property	Value
Weight		0.732 kg
Delivery		Not assembled
