

Würfelverbinder 20/3 designLINE, ESD, Weißaluminium RAL 9006 - Bosch Rexroth 3842549861

Item no. BRR-3842549861

Manufacturer Bosch Rexroth

Three-way cubic connector for 20x20 mm aluminum profiles with slot 6, made from painted diecast aluminum in white aluminum (RAL 9006). Creates a conductive connection between three profiles for ESD-compliant workstation systems. Includes cover cap D12 signal gray (PP) and three countersunk screws S6x16.

TECHNICAL DATA

Ausführungsklasse **ESD (antistatic)**

Country of Manufacture **Germany**

Weight **0.021 kg**

Zolltarifnummer **83024900**

STANDARDS & COMPLIANCE

ESD safe IEC 61340

DESCRIPTION

The Cubic Joint 20/3 designLINE connects three 20x20 mm aluminum profiles (slot 6) at right angles in a corner while establishing an electrically conductive path - suitable for ESD-compliant workstation and assembly line structures. All fastening hardware is included for immediate installation.

- Conductive connection for ESD-safe structures (IEC 61340)
- Painted diecast aluminum - dimensionally stable and corrosion-resistant
- Bending moment 3P: 23 Nm - high rigidity under three-axis loading
- Galvanized steel fastening hardware included in scope of delivery
- Note: the included cover caps (signal gray PP) are not ESD-compatible; for full ESD compliance use Cover cap D12, black (PP), sold separately

Property	Value
Bending moment 3P	23 Nm
ESD	yes
Color	White aluminum (RAL 9006)
Material	Diecast aluminum, painted
Fastening material	Steel, galvanized
Scope of delivery	Cubic connector designLINE, cover cap D12 signal gray (PP), 3x countersunk screw S6x16
Recommended accessories	Cover cap D12, black (PP)
Weight	0.021 kg
