

Würfelverbinder 40/2 Silver Set, designLINE, Profil 40, ESD-leitfähig - Bosch Rexroth 3842549867

Item no. BRR-3842549867

Manufacturer Bosch Rexroth

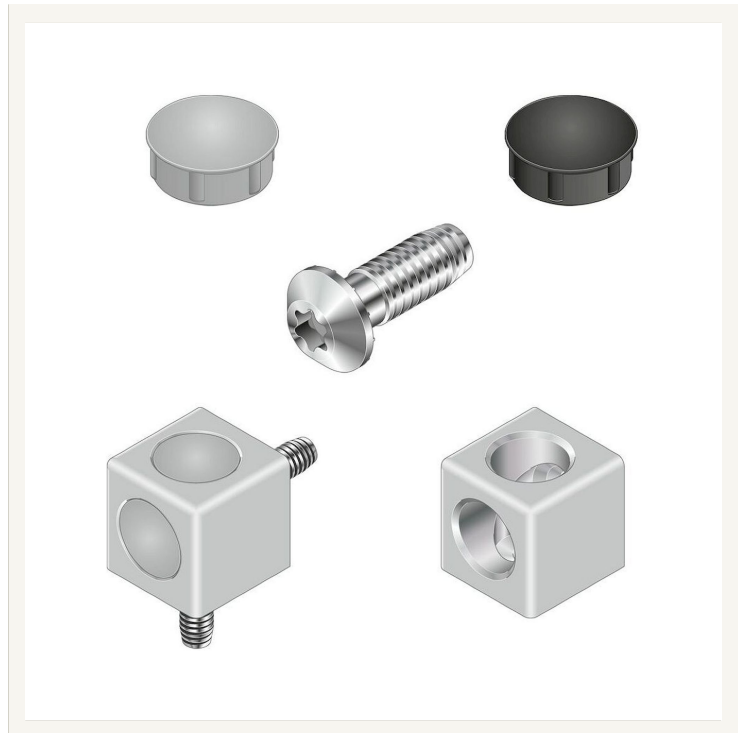

Two-outlet cubic joint from the designLINE range for 40x40 aluminum profiles with slot 10. Made from painted diecast aluminum, the connector creates an electrically conductive joint between profile elements, making it suitable for ESD-compliant workstation systems. The set includes the designLINE cubic connector, fastening hardware (2x screw S12x30), and a signal-gray cover cap D24.

TECHNICAL DATA

Ausführungsklasse **ESD (antistatic)**

Country of Manufacture **Germany**

Weight **0.152 kg**

Zolltarifnummer **83024900**

STANDARDS & COMPLIANCE

ESD safe IEC 61340

DESCRIPTION

The Cubic Joint 40/2 Silver Set from the designLINE range connects two 40x40 aluminum profiles (slot 10) at right angles while establishing an electrically conductive path - suitable for ESD-protected workstations and assembly lines built to IEC 61340. The complete set eliminates separate hardware orders.

- Conductive connection between profile elements - supports ESD protection concepts
- Bending moment 1: 60 Nm - high rigidity for load-bearing frame structures
- Painted diecast aluminum (white aluminum RAL 9006) - corrosion-resistant and designLINE-compliant finish
- Set contents: designLINE cubic connector + 2x screw S12x30 + cover cap D24, signal gray (PP)
- Note: Cover caps included in the set are not ESD-compatible; use cover cap D24, black (PP) separately for fully ESD-compliant covering

Property	Value
Profile slot	10
Number of outlets	2
Bending moment 1	60 Nm
Material	Diecast aluminum, painted
Fastening material	Steel, galvanized - 2x screw S12x30
Color	White aluminum (RAL 9006)
ESD	Yes (conductive connection; cover cap in set not ESD-compatible)
Scope of delivery	Cubic connector designLINE, 2x screw S12x30, cover cap D24 signal gray (PP)
Recommended accessories	Cover cap D24, black (PP)
Weight	0.152 kg
