## DESCRIPTION

This PP cover cap fits the face ends of Rexroth aluminium profiles with a 40x30 mm cross-section and profile slot 10, closing them flush without modification. It blocks dust and debris from entering open profile ends and ensures a consistent finish across frame and fixture assemblies.

- Exact fit for 40x30 profiles with slot 10 - no trimming or rework needed
- PP material - lightweight, corrosion-resistant and rigid enough for continuous use
- Signal gray colour - matches standard Rexroth system colours throughout the assembly
- Packaging unit of 20 pieces - cost-effective stock for series production
