STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The D11x23.5 ESD cap cover fits flush over bolt connectors in Bosch Rexroth aluminium profiles with profile slot 8, providing a clean finish while meeting ESD requirements for electrostatic discharge-sensitive production areas. Moulded in black polypropylene, the cap resists common workshop chemicals and maintains its colour permanently.

- ESD-compliant: suitable for assembly areas with electrostatic discharge sensitivity
- Designed for Bosch Rexroth profile slot 8 bolt connectors
- PP material - lightweight, chemical-resistant, permanently black
- Compact D11x23.5 mm format for a flush, professional finish
- Pack of 100 for efficient use in series production
