

Weiche 90°, links, VFplus 90 - Bosch Rexroth 3842551100

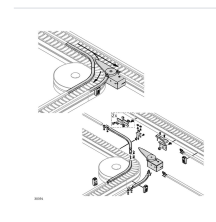

Item no. BRR-3842551100 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842551100

Track-change diverter for the VFplus 90 transfer system, branching 90 degrees to the left. Supplied as a complete assembly kit for retrofitting to existing conveyor sections and curve wheels - the integrated support bridge keeps workpiece pallets stable across the section gap. No accumulation operation against the diverter blade.

ESD safe

DESCRIPTION

The 90-degree left diverter enables optional track changes from a straight conveyor run into a 90-degree left branch within the VFplus 90 transfer system. The complete kit mounts directly to existing section profiles and curve wheels with no additional special parts required.

- Tipping-safe guidance: the support bridge spans the section gap and prevents workpiece pallets from catching or tilting
- Compact weight of 2.25 kg keeps retrofitting straightforward on running lines
- Diverter blade and sliding-surface support in PA (black) for low-wear operation
- Position sensing optionally retrofittable via article 3842535150 (not included)
- Two throttle non-return valves G 1/8" must be supplied separately (not included)

Technical data

| Parameter | Value |
|--|---|
| Diverter angle | 90 degrees, left |
| System size [b] | 90 mm (VFplus 90) |
| Weight | 2.25 kg |
| Diverter blade / sliding surface support | PA, black |
| Pneumatic connection (accessory) | 2 x throttle non-return valve G 1/8" (not included) |
| Position sensing | Article 3842535150 (optional, not included) |
| Scope of delivery | Complete kit including fastening parts |
