

Weiche 45° rechts für VFplus 65 - Bosch Rexroth 3842551104

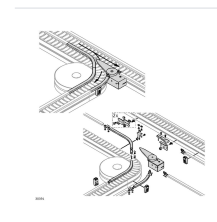

Item no. BRR-3842551104 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842551104

Track diverter for optional lane changing between curving conveyor sections in the VFplus 65 transfer system. The complete assembly kit installs on existing sections and curve wheels. An integrated sliding surface support keeps workpiece pallets stable across the section gap - no accumulation against the diverter blade is permitted.

DESCRIPTION

The 45° right-hand diverter for the Bosch Rexroth VFplus 65 conveyor system enables controlled lane changes between branching conveyor sections. The ready-to-install kit includes all fastening parts and mounts directly onto existing sections and curve wheels.

- Selective diverting between curving conveyor sections for targeted routing of workpiece pallets
- Sliding surface support prevents tipping of pallets as they cross the section gap
- Complete kit with all fastening hardware - no additional parts required
- Diverter blade and sliding surface support in PA (black): low friction and wear-resistant
- Optional position sensing (Art. 3842535150) can be retrofitted

Technical data

Parameter	Value
Type	45° diverter, right
System size	VFplus 65
Diverter angle	45°
Diverter direction	Right
Material - diverter blade / support	PA, black
Scope of delivery	Kit including fastening parts
