

Weiche 90°, links, VFplus 65 - Bosch Rexroth 3842551121

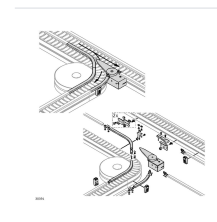

Item no. BRR-3842551121 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842551121

Track-switching diverter for 90° left-hand branches in the Bosch Rexroth VFplus 65 conveyor system. The complete assembly kit installs on existing sections and curve wheels without additional parts. An integrated support keeps the workpiece pallet stable across the section gap - accumulation against the diverter blade is not permitted.

DESCRIPTION

The 90° diverter, left, VFplus 65 (art. 3842551121) is a complete assembly kit for optional track switching at 90° left-hand branches in the Bosch Rexroth VFplus 65 transfer system. It mounts directly onto existing conveyor sections and curve wheels, allowing the workpiece pallet to cross the section gap safely without risk of tipping.

- Complete kit including all fastening parts - ready to install on existing VFplus 65 sections
- Integrated sliding surface support prevents workpiece pallet from tipping over the section gap
- No accumulation against the diverter blade - protects components and extends service life
- Diverter blade and sliding surface support in PA (black) - smooth running and low wear
- Optional position sensing available (art. 3842535150, not included)
- Required accessory: 2 throttle non-return valves G 1/8" (not included)

Technical data

Specification	Value
Article number	3842551121
Type	90° diverter, left
System size	VFplus 65
Track width b	65 mm
Divert angle	90°
Direction	Left
Material - diverter blade / support	PA, black
Weight	0.12 kg
Scope of delivery	Complete kit including fastening parts
Required accessory (not included)	2 throttle non-return valves G 1/8"
Optional position sensing	Art. 3842535150 (not included)
