

Zusammenführung 90° rechts VFplus 90, kompletter Bausatz - Bosch Rexroth 3842551125

Item no. BRR-3842551125

Manufacturer Bosch Rexroth

Complete kit for right-hand 90-degree merging of diverging conveyor sections in the VFplus 90 system. All fastening parts are included; the black PA sliding-surface support keeps workpiece pallets stable as they cross the section gap, eliminating the risk of tipping. Mounts directly onto existing VFplus 90 sections and curve wheels.

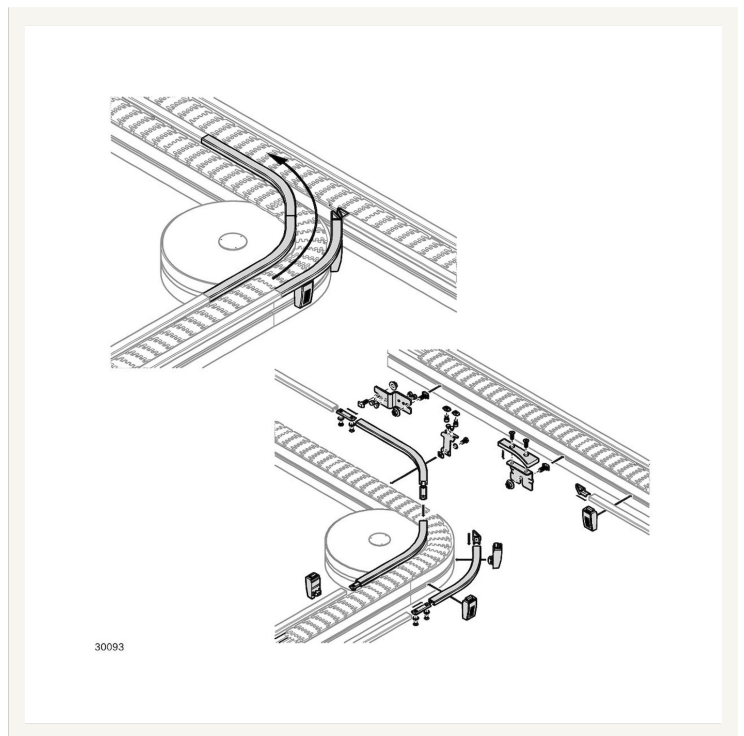

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

Weight **0.0099 kg**

Zolltarifnummer **84313900**

DESCRIPTION

Article 3842551125 is a ready-to-install kit for the right-hand 90-degree junction of branching conveyor sections in the Bosch Rexroth VFplus 90 assembly-line system. The black PA sliding-surface support bridges the section gap and keeps workpiece pallets level throughout the transition, preventing tipping under normal operating loads. The complete scope of delivery - including all fastening parts as shown - allows direct installation on existing sections and curve wheels without additional components.

- Tipping-free pallet transfer across the section gap, provided by the PA sliding-surface support
- Complete kit with all fasteners included - no additional parts required for VFplus 90 installation
- Width b = 90 mm, matching the VFplus 90 conveyor grid
- Low assembly weight of 0.12 kg; low-maintenance plastic sliding surface
