DESCRIPTION

This kit provides a left-hand 90-degree junction between diverging conveyor sections of the Bosch Rexroth VFplus 65 transfer system. The integrated sliding surface support bridges the section gap and keeps workpiece pallets stable throughout the transition - critical for reliable, high-cycle assembly lines.

- Complete kit including all fastening parts, ready to install
- Sliding surface support in PA (black) for smooth, tilt-free pallet transfer
- Designed for system width $b = 65 \text{ mm}$ (VFplus 65)
- Mounts to existing sections and curve wheels without special tooling
