

Flachplattenkette 1/2" x 5/16" ESD, L = 12000 mm, PA 66, grau - Bosch Rexroth 3842551227

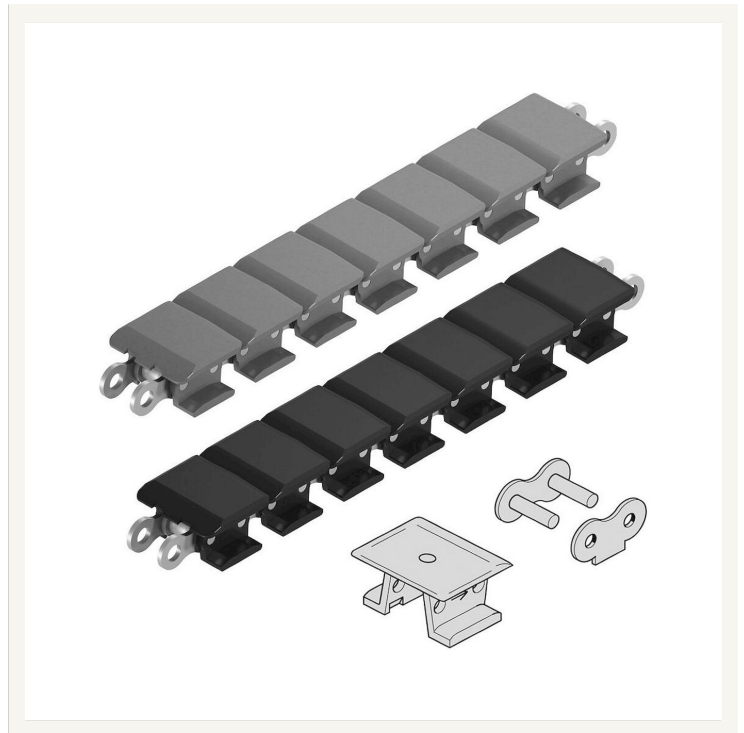

Item no. BRR-3842551227

Manufacturer Bosch Rexroth

ESD plastic flat top chain for the TS 2plus transfer system, rated for use in electrostatic protected areas (EPA). Supplied as 12 m of PA 66 chain on a nickel-plated steel base chain, including one master link. Designed for longitudinal transport track units in the TS 2plus system.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Country of Manufacture	China
Weight	10.6 kg
Zolltarifnummer	73158900

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The 1/2" x 5/16" ESD flat top chain is the original replacement and extension chain for the Bosch Rexroth TS 2plus transfer system. Its electrostatically dissipative PA 66 surface combined with a nickel-plated steel base chain meets the requirements of electrostatic protected areas (EPA), safeguarding sensitive assemblies against electrostatic discharge throughout the conveying process.

- EPA-rated ESD performance: suitable for use in electrostatic protected areas
- Nickel-plated steel base chain: high tensile strength and corrosion resistance
- PA 66 flat top surface: low wear, quiet running, and lightweight
- 12 m supply length: covers a complete track section or a planned extension
- Includes 1 master link: ready to install without additional parts

TECHNICAL DATA

Parameter	Value
Pitch	1/2" x 5/16"
Length [L]	12000 mm
Base chain material	Steel, nickel-plated
