

Winkel 60x60 designLINE, Nut 10, ESD, RAL 9006, Set mit Befestigungsmaterial - Bosch Rexroth 3842551611

Item no. BRR-3842551611

Manufacturer Bosch Rexroth

Right-angle gusset 60x60 mm in diecast aluminum for Bosch Rexroth profiles with 10 mm slot, designLINE version in white aluminum RAL 9006. ESD-rated, vibratory ground and painted, with bending moments up to 150 Nm. Supplied with 2 T-bolts M8x20 and 2 flange nuts M8.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Country of Manufacture	Germany
Weight	0.15795 kg
Zolltarifnummer	83024900

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The 60x60 gusset in the designLINE version connects 10 mm slot aluminum profiles at right angles and is suited for visible assemblies where surface finish and ESD protection are required. Made from diecast aluminum, vibratory ground and painted in white aluminum RAL 9006; zinc-plated steel fastening hardware is included.

- Bending moment 1: 125 Nm, bending moment 2: 150 Nm for rigid frame and fixture structures
- ESD-rated - safe for use in electrostatically sensitive environments
- designLINE finish: vibratory ground and painted for a clean, visible-quality appearance
- Complete set: 2x T-bolt M8x20 and 2x flange nut M8 included - no additional hardware needed
- Recommended accessories: intermediate element for 10 mm slot (3842523537), cover cap 60x60 signal gray (3842548852), cover cap 60x60 black (3842548853)
