

Schutzkasten für HD 2/H, 240x240 mm, 90° - Bosch Rexroth 3842552593

Item no. BRR-3842552593 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842552593

Protective housing element for the Bosch Rexroth HD 2/H transfer system, sized for 240 x 240 mm workpiece pallets in a 90° configuration. The enclosure shields system components below the conveying level from mechanical damage and external interference. Protection above the conveying level must be configured separately for each application.

DESCRIPTION

The housing element for the Bosch Rexroth HD 2/H transfer system protects installed components below the conveying level against mechanical damage and external interference. This variant is designed for workpiece pallets measuring 240 mm x 240 mm and is supplied in the 90° configuration. Protection above the conveying level is application-specific and must be planned separately.

- Compatible with HD 2/H transfer system (size groups 1 and 2)
- Workpiece pallet length: 240 mm, workpiece pallet width: 240 mm
- Configuration angle: 90°
- Protects system components below the conveying level
- Integrates directly into existing HD 2/H conveyor lines
