

Schutzkasten für HD 2/H, 400 x 400 mm, 90° - Bosch Rexroth 3842552595

Item no. BRR-3842552595 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842552595

Housing element for the Bosch Rexroth HD 2/H transfer system, covering a workpiece pallet length and width of 400 mm each, in the 90° corner configuration. The enclosure protects the unit below the conveying level against interference from outside; protection above the conveying level must be configured individually for each application.

ESD safe

DESCRIPTION

The housing element 3842552595 is a protective enclosure for the Bosch Rexroth HD 2/H transfer system. Installed below the conveying level, it guards the drive and structural components against unintended contact from outside, contributing to safe operation in automated assembly and conveying lines.

- Designed for workpiece pallet length 400 mm and width 400 mm
- 90° corner version for right-angle sections of the line
- Protects below the conveying level - above-conveyor guarding must be specified per application
- Matched system component from the Bosch Rexroth assembly technology range, fully compatible with other HD 2/H elements
