

Schutzkasten für HD 2/H, 1200 x 1200 mm, 90° - Bosch Rexroth 3842552600

Item no. BRR-3842552600 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842552600

Housing element for the HD 2/H transfer system, covering the area below the conveying level for workpiece pallets measuring 1200 x 1200 mm in the 90° configuration. It protects installed components and drive units from contamination and external interference. Protection above the conveying level must be planned separately for each application.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
ESD-Ausführung	TEC
Weight	0.0099 kg
Zolltarifnummer	73089059

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The housing element 3842552600 encloses the zone beneath the conveying level of the HD 2/H transfer system, shielding mounted components from dust, swarf and unintended contact. It is designed for workpiece pallets with a length of 1200 mm and a width of 1200 mm in the 90° variant. Protection above the conveying level is not included and must be configured individually.

- Precise fit for HD 2/H transfer systems with 1200 x 1200 mm workpiece pallet size
- 90° variant for the corresponding line geometry
- Protects sub-conveyor components from contamination and mechanical interference
- Part of a graduated series - additional sizes and 180° variants available

Technical data

Parameter	Value
Article number	3842552600
Workpiece pallet length	1200 mm
Workpiece pallet width	1200 mm
Configuration	90°
Weight	56.84 kg
Compatible system	HD 2/H
