DESCRIPTION

The housing element 3842552602 is a protective enclosure for the Bosch Rexroth horizontal conveyor HD 2/H. It shields the system below the conveying level from mechanical impact and external interference. Protection above the conveying level must be specified individually for each application.

- Fits HD 2/H with workpiece pallet length 320 mm and width 240 mm
- 180° version - suited for straight conveyor sections
- Protects drive and guide components beneath the conveying plane
- Part of a coordinated range of housing elements covering multiple pallet sizes and angle variants
