

Schutzkasten für HD 2/H, 240/400 180° - Bosch Rexroth 3842552603

Item no. BRR-3842552603 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842552603

Housing element for the Bosch Rexroth HD 2/H transfer system, sized for workpiece pallets 400 mm long and 240 mm wide, 180° configuration. Protects drive components below the conveying level against contamination and accidental contact. Protection above the conveying level is configured separately per application.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany

ESD safe

DESCRIPTION

The 3842552603 housing element is a purpose-built protective enclosure for the Bosch Rexroth HD 2/H transfer system, matching workpiece pallet dimensions of 240 mm x 400 mm in the 180° straight-run configuration. It covers drive and guide components below the conveying plane, protecting them from swarf, dust and unintended contact - directly supporting uptime and operational safety in assembly automation lines.

- Fits HD 2/H with workpiece pallet length 400 mm and width 240 mm
- Protects drive components below the conveying level
- 180° configuration for straight conveyor sections
- Protection above the conveying level is application-specific and specified separately
- Original Bosch Rexroth component for full system compatibility
