

Schutzkasten für HD 2/H, 400/480 180° - Bosch Rexroth 3842552612

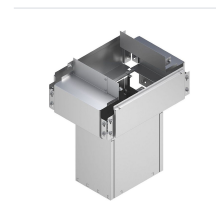

Item no. BRR-3842552612 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842552612

Housing element for the Bosch Rexroth HD 2/H dual-belt conveyor, sized for a 400 mm pallet length and 480 mm pallet width with a 180° opening angle. The enclosure protects the unit below the conveying level against mechanical impact and external interference. Protection above the conveying level must be configured individually for the application.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The housing element 3842552612 is a protective enclosure for the Bosch Rexroth HD 2/H high-performance dual-belt conveyor. It covers the area below the conveying level, shielding the drive and structural components from mechanical impact and external interference. The 180° opening angle provides full access for maintenance and servicing without removing the entire enclosure. Protection above the conveying level is not included and must be specified per application.

- Fits workpiece pallet length 400 mm and pallet width 480 mm
- 180° opening angle for unobstructed access during maintenance
- Protects below the conveying level against mechanical and environmental interference
- Original Bosch Rexroth assembly technology component for reliable system integration

Technical data

Parameter	Value
Article number	3842552612
Compatible with	HD 2/H
Workpiece pallet length (IWT)	400 mm
Workpiece pallet width (bWT)	480 mm
Opening angle	180°
Weight	6.64 kg
