DESCRIPTION

The Bosch Rexroth protective box HD 2/H covers an area of 1040 x 640 mm and is designed as a system-matched enclosure for HD 2/H series transfer systems. The 180° opening angle allows the cover to swing fully open, providing unobstructed access during maintenance, tooling changes, and setup work.

- 180° opening angle for unrestricted maintenance access
- Cover dimensions 1040 x 640 mm, matched to the HD 2/H series
- Protects drive and transport components from dust and mechanical damage
- System-compatible accessory from the Bosch Rexroth assembly technology range
