

Abdeckung HQ 5 mit Dämpferaussparung, Spurbreite 650 mm - Bosch Rexroth 3842552659

Item no. BRR-3842552659

Manufacturer Bosch Rexroth

Side guide cover for the TS 5 transfer system in transverse conveyor operation, designed for a track width of 650 mm. Made from galvanized steel for reliable corrosion resistance in industrial assembly lines. Fixed in place using a flange nut and T-bolt (required accessories, ordered separately).

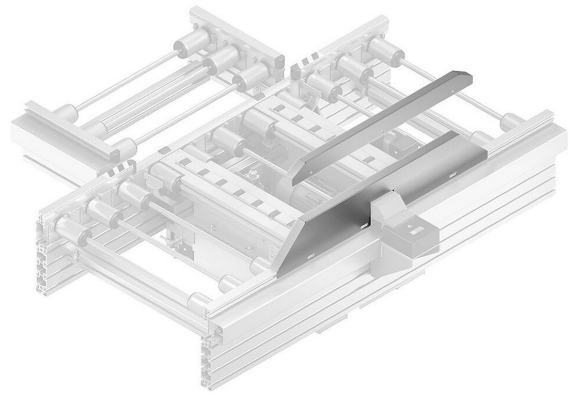

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

Weight **2.63 kg**

Zolltarifnummer **73089059**

DESCRIPTION

The HQ 5 LWT650 cover closes off the side guides of the TS 5 transfer system in transverse conveyor mode, protecting the guide structure against contamination and mechanical damage. The integrated damper recess allows direct combination with damping elements without additional modification. At 2.63 kg and constructed from galvanized steel, the cover is built for the demands of continuous industrial assembly.

- Track width 650 mm - precise fit for the TS 5 transverse conveyor
- Galvanized steel for corrosion resistance with no additional surface treatment required
- Damper recess already integrated - no custom adaptation needed
- Secured with flange nut and T-bolt (required accessories, sold separately)

TECHNICAL DATA

Attribute	Value
Track width in the transverse conveyor [bQ]	650 mm
Material	Steel, galvanized
Required accessories	Flange nut, T-bolt
Weight	2.63 kg
