

Adaptermodul 8400MOTEC für Rexroth-Montagelinien-systeme - Bosch Rexroth 3842552873

Item no. BRR-3842552873

Manufacturer Bosch Rexroth

Adapter module for the Bosch Rexroth 8400MOTEC transfer and assembly system. Provides a precise mechanical interface between components in the 8400 series. Weighing approx. 10 g, it adds minimal load to the assembly line.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.0099 kg
Zolltarifnummer	84716070

DESCRIPTION

The 3842552873 adapter module is a connecting element for the Bosch Rexroth 8400MOTEC system, establishing the mechanical interface between components in the 8400 series. It is designed for use in modular assembly and transfer lines where a precise, system-compliant connection between individual assemblies is required.

- System component of the 8400MOTEC series for reliable component integration
- Low weight (approx. 10 g) - minimal additional load on the assembly line
- Designed for direct use with compatible 8400 series system components
