ESD safe

DESCRIPTION

The profile connector 3842552927 joins profile sections within the VarioFlow plus STS (Clean Section) stainless steel conveyor system at size 90 mm. Made entirely from non-rusting steel 1.4301, it meets the demands of hygiene-sensitive assembly and production environments where corrosion resistance and easy cleaning are essential.

- Grade 1.4301 stainless steel - resistant to corrosion and aggressive cleaning agents
- Precise fit for VarioFlow plus STS size 90 mm profiles
- Supplied complete and unassembled - ready for straightforward on-site installation
- Pack of 10 - efficient stock management for line builds and maintenance
