STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The 3842553028 roller carrier transfers workpiece pallets smoothly and reliably within the VarioFlow plus chain conveyor system. The white POM roller reduces friction and noise; the bracket and axle in stainless steel 1.4301 deliver lasting corrosion resistance in demanding assembly environments.

- Fits VarioFlow plus widths 160, 240 and 320 mm (dimension b)
- POM roller minimises friction and protects pallet surfaces
- Bracket and axle in stainless steel 1.4301 - corrosion-resistant
- Roller bracket supplied pre-mounted with all fastening material included
- Compatible with Universal chain links 65-120 and Basic chain links 160-320
