

Kettenspannrad 240+ Basic Unit, Baugröße 240 mm - Bosch Rexroth 3842553058

Item no. BRR-3842553058

Manufacturer Bosch Rexroth

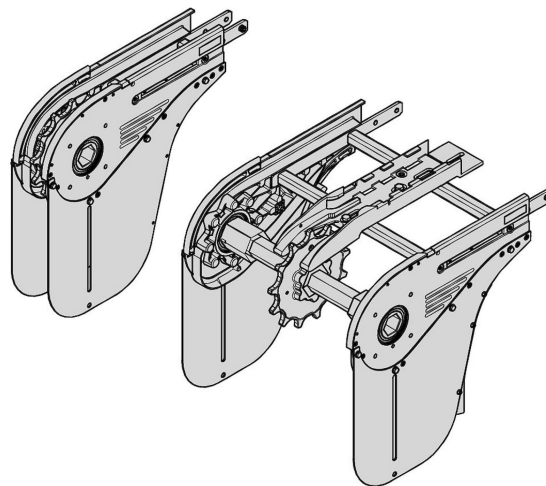

Chain tensioning wheel for the VarioFlow plus aluminium chain conveyor system, size 240 mm. The Basic Unit provides core tensioning function in the drive and deflection section. Designed for modular assembly lines and automated conveyor installations.

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

Weight **0.1 kg**

Zolltarifnummer **39269097**

29399

DESCRIPTION

The Chain Tensioning Wheel 240+ Basic Unit is a component of the Bosch Rexroth VarioFlow plus aluminium chain conveyor system. It maintains correct chain tension in the drive and deflection zone, supporting smooth force transmission and quiet conveyor chain operation.

- Size 240 mm - matches the VarioFlow plus 240+ system line
- Aluminium construction - lightweight and corrosion-resistant for industrial assembly environments
- Direct integration into existing VarioFlow plus conveyor layouts

TECHNICAL DATA

Attribute	Value
Size [b]	240 mm
Weight	0.733 kg
System	VarioFlow plus Aluminium
Assembly group	Drive and deflection AL
