

Rücklaufsperre für VarioFlow plus Werkstückträger - Bosch Rexroth 3842553090

Item no. BRR-3842553090

Manufacturer Bosch Rexroth

Prevents the VarioFlow plus workpiece pallet from rebounding off the stop gate or moving backward when the conveyor chain is released. Mounts non-rotating behind the WT stop surface, fits left or right on the section profile, and can be retrofitted without removing the lateral guide. Maximum additional load 8 kg.

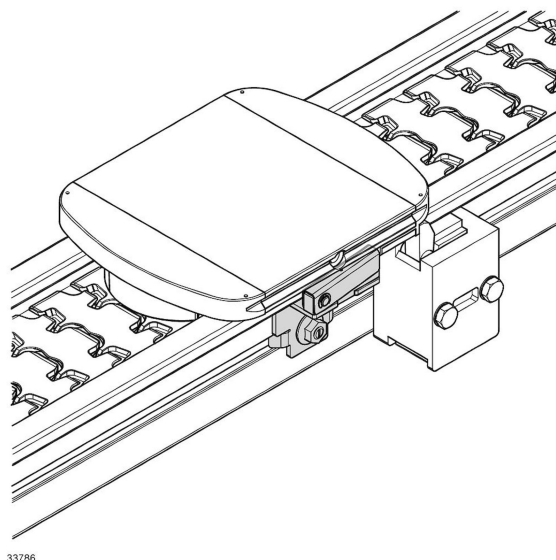

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

Weight **0.0099 kg**

Zolltarifnummer **84313900**

DESCRIPTION

The return stop keeps VarioFlow plus workpiece pallets securely in place by blocking both rebound from the stop gate and backward drift when the conveyor chain is switched off or released. Its non-rotating design ensures a defined mounting position, and the low-profile fastening concept allows retrofitting on existing lines without any disruption to the lateral guide.

- Prevents pallet rebound and backward movement reliably
- Non-rotating design for a consistent, defined fit
- Mountable on both left and right side of the section profile
- Retrofittable without dismantling the lateral guide
- Simple, cost-effective construction; fastening hardware included
- Delivered fully assembled

TECHNICAL DATA

Specification	Value
Compatible system	VarioFlow plus workpiece pallet
Max. additional WT load	8 kg
Mounting position	Behind WT stop surface, left or right
Material	Non-rusting steel 1.4301, steel galvanized, PA
Weight	0.17 kg

Specification	Value
Scope of delivery	Incl. fastening material, fully assembled
Article number	3842553090
