

Schalterhalter SH 1/M-A für Förderstrecken-Montage - Bosch Rexroth 3842553244

Item no. BRR-3842553244

Manufacturer Bosch Rexroth

Switch bracket SH 1/M-A made from polyamide half shells, designed to hold 6.5 mm x 30 mm sensors with M8x1 push-in fitting on Bosch Rexroth conveyor sections. Two assembly variants available, with all fastening material included for direct conveyor mounting.

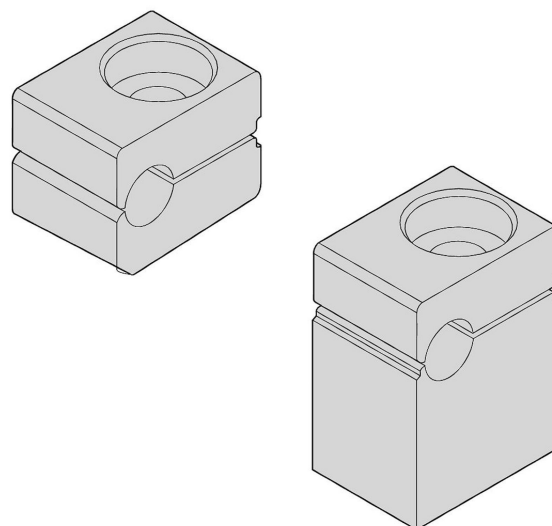

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

Weight **0.0099 kg**

Zolltarifnummer **39269097**

DESCRIPTION

The switch bracket SH 1/M-A secures 6.5 mm x 30 mm sensors with an M8x1 push-in fitting to Bosch Rexroth assembly technology conveyor sections. Two build variants from black polyamide half shells allow flexible positioning to suit different installation situations. All fastening hardware for conveyor mounting is included in the delivery.

- Two assembly variants for flexible sensor positioning
- Half shells in black polyamide - lightweight and durable
- Supplied complete with fastening material for conveyor section mounting
- Designed for sensors 6.5 mm x 30 mm with M8x1 push-in fitting, rated sensing range SN = 4 mm

TECHNICAL DATA

Specification	Value
Article number	3842553244
Type	SH 1/M-A
Half shell material	Polyamide, black
Compatible sensor	6.5 mm x 30 mm, M8x1 push-in fitting, SN = 4 mm
Assembly variants	2
Delivery unit	1 piece

Specification	Value
Packaging unit	1 piece
Scope of delivery	Incl. fastening material for conveyor section mounting
Application environment	Dry room (rH < 1)
Weight	0.02 kg
