

Kabeldurchführung 80 für Aluminium-Profilsystem - Bosch Rexroth 3842553974

Item no. BRR-3842553974 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842553974

Cable grommet for routing cables cleanly through covers in the Bosch Rexroth aluminium profile system, size 80. Made from signal grey polypropylene (RAL 7004). Supplied in packs of 10.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
Weight	0.002 kg
Zolltarifnummer	84313900

DESCRIPTION

The cable grommet 80 provides a neat, edge-protected cable passage through covers in the Bosch Rexroth aluminium profile system, size 80. The polypropylene insert prevents cable chafing at panel edges and keeps wiring orderly on assembly lines and conveyor systems.

- Designed for size-80 covers in the Bosch Rexroth profile system - no modification required
- Polypropylene construction - lightweight, corrosion-resistant and electrically insulating
- Signal grey RAL 7004 - matches standard system components for a consistent appearance
- Pack of 10 - convenient for series assembly and line-side stock
