STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

This side sheet set (2 pieces) adds lateral closure panels to the Bosch Rexroth Tool Shelf. Manufactured from sheet aluminium with ESD compliance, it is suited for electrostatic protected areas (EPA) in manual assembly and electronics production environments.

- ESD-compliant: suitable for EPA workstations meeting standard ESD protection requirements
- Sheet aluminium construction: lightweight, dimensionally stable and durable
- Designed to fit the Bosch Rexroth Tool Shelf system precisely
- Supplied as a set of 2 - no need to source individual pieces separately
