

Schutzrahmen 1800 x 500 mm, Aluminium eloxiert, Wellengitter WG40 - Bosch Rexroth 3842554282

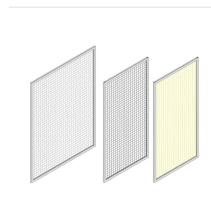

Item no. BRR-3842554282 **Manufacturer** Bosch Rexroth

Manufacturer no. 3842554282

Fully assembled protective frame in anodized aluminium with hot-galvanized steel woven wire grille (WG40, 40x40x4 mm), 1800 x 500 mm (H x W). Mounts to 45x45 supports via suspension brackets - single fitter sufficient. Horizontally or vertically divisible for additional stability on large guarding surfaces.

TECHNICAL DATA

Article authenticity	Original product
Condition of article	New
Country of Manufacture	Germany
Weight	9.5 kg
Zolltarifnummer	76101000

DESCRIPTION

The protective frame 3842554282 (1800 x 500 mm, H x W) is a fully pre-assembled guarding component for the Bosch Rexroth WG40 machine guarding system. The anodized aluminium frame holds a hot-galvanized steel woven wire grille (mesh 40x40 mm, wire diameter 4 mm) and suspends directly onto 45x45 profile supports using the included mounting brackets.

- Fully assembled on delivery - no on-site grille fitting required
- Suspension bracket system allows single-person installation on 45x45 supports
- Horizontally or vertically divisible for additional stability on large guarding panels
- Colour-coded grille options (hot-galvanized / black RAL 9005 / yellow RAL 1023) improve contrast and aid identification of access and emergency exit routes
- Standard widths and custom dimensions available (article 3842994742 covers B 250-1500 mm)
- Compatible with system doors, sliding doors, and double doors via matching door kits

Technical data

Specification	Value
Width of protective frame [B]	500 mm
Height of protective frame [HR]	1800 mm
Frame material	Aluminium, anodized
Grille material	Steel, hot-galvanized
Grille type	Woven wire grille WG40, 40x40x4 mm
Modular dimension	45x45 supports
Packaging unit	1 piece
Weight	9.5 kg
