

Schutzrahmen 1800 x 750 mm (WG40), Aluminium eloxiert - Bosch Rexroth 3842554283

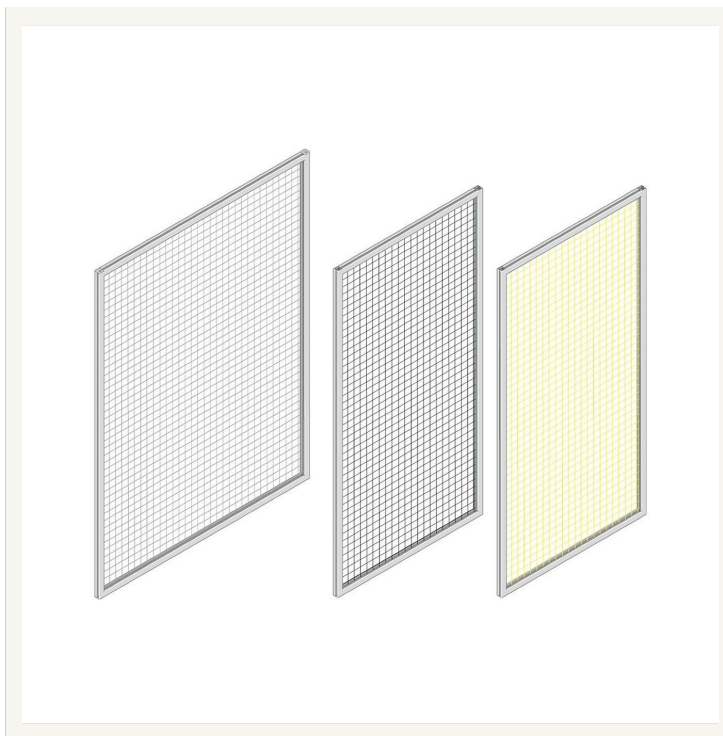

Item no. BRR-3842554283

Manufacturer Bosch Rexroth

Ready-to-mount protective frame made from woven wire grille profile 30x30 WG40 with steel mesh 40x40x4, fully assembled on delivery. Dimensions 750 mm wide x 1800 mm high, designed for 45x45 supports. A single fitter can complete installation using the supplied suspension brackets.

TECHNICAL DATA

Country of Manufacture	Germany
Weight	11.5 kg
Zolltarifnummer	76101000

DESCRIPTION

The protective frame 3842554283, measuring 1800 x 750 mm (HR x B), is designed for machine guarding enclosures built on the 45x45 support grid. Delivered fully assembled, it mounts quickly to 45x45 supports via suspension brackets - one fitter is sufficient.

- Frame in anodized aluminium: corrosion-resistant and permanently stable
- Woven wire grille profile 30x30 WG40 with mesh 40x40x4 (steel, galvanized)
- Horizontally or vertically divisible for added stability on large surfaces
- Color-coded woven wire grille (black, yellow or hot-dip galvanized) improves contrast and aids identification of access routes and emergency exits
- Door configurations available: system doors, sliding doors and double doors via matching accessories
- Standard widths and custom dimensions available

TECHNICAL DATA

Parameter	Value
Article number	3842554283
