

ESD-Werkzeugablage für Aluminium-Arbeitsplatzsysteme - Bosch Rexroth 3842554909

Item no. BRR-3842554909

Manufacturer Bosch Rexroth

ESD-rated tool shelf designed for manual assembly workstations in the Bosch Rexroth system. Side parts in sheet aluminium, suspension profile in natural aluminium for tool-free integration. Recommended accessory: Container Mount 3842544797.

TECHNICAL DATA

Ausführungsklasse	ESD (antistatic)
Country of Manufacture	Germany
Weight	1.865 kg
Zolltarifnummer	94032080

STANDARDS & COMPLIANCE

ESD safe

DESCRIPTION

The 3842554909 tool shelf adds an ESD-compliant storage surface for tools and small parts to manual workstation systems in the Bosch Rexroth Assembly Technology range. The certified ESD property reliably protects electrostatic-sensitive components from uncontrolled discharge.

- ESD-rated: safe use in electrostatic-sensitive assembly areas
- Side parts in sheet aluminium - robust and durable
- Suspension profile in natural aluminium for simple, tool-free mounting in the profile system
- Compatible with Container Mount 3842544797 for organised small-parts storage
