

## AC AreaManager App - Softwarelizenz Verlängerung 12 Monate - Bosch Rexroth 3842558267

Item no. BRR-3842558267

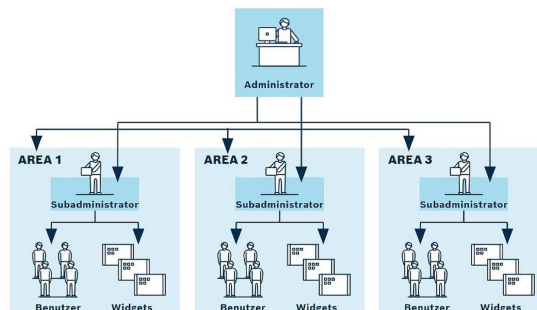

Manufacturer Bosch Rexroth

Renewal licence for the AC AreaManager App, extending an existing subscription by a further 12 months. The app provides decentralised user and content management, organisational separation into areas, and individually configurable dashboards - designed for operators of Bosch Rexroth ActiveCockpit systems renewing from article 3842558266.

### TECHNICAL DATA

Country of Manufacture **Germany**

Weight **0.001 kg**

Zolltarifnummer **49011000**

MT\_34747

### DESCRIPTION

This 12-month rental licence renews continued access to the AC AreaManager App within the Bosch Rexroth ActiveCockpit environment. The AreaManager reduces reliance on central administrators by enabling users and content to be managed directly on site, within clearly defined areas.

- Decentralised user and content management on site, without central admin overhead
- Organisational separation into areas for clear responsibilities and improved clarity
- Widget sharing between areas for inter-hierarchical content collaboration
- Separate, individually configurable dashboards per area
- Scalable structure suited to multi-area ActiveCockpit deployments
