DESCRIPTION

ActiveCockpit Basic (lease from 2nd year) is the annual renewal licence for the web-based ActiveCockpit platform by Bosch Rexroth. It includes 10 concurrent-user licences and 1 device licence, giving full access to the core software feature set.

- **Desklinc:** Rapid digitalisation from Excel, Word and PowerPoint files with automatic data refresh and interactive widget status changes
- **Dashboard:** All relevant KPIs available digitally at the point of use, supporting multiple file formats including video, accessible to all team members
- **Views:** Flexible data compilation for improvement rounds, cross-departmental display, individual user permissions (read, edit, delete), filtering without modifying the source file
- **Rounds:** Plant-specific naming, freely configurable round documentation, automatic minutes generation with attachments
- **Notes and whiteboard:** Note function for team communication and escalation, touchscreen annotation directly in ActiveCockpit, photo transfer from tablet on fault events
- **Q and S modules:** Recording and management of quality and safety deviations, annual status overview, write-back to ERP/MES via Industry 4.0 interface

Technical data

Parameter	Value
Licence model	Annual lease from 2nd year
Validity period	12 months
Concurrent-user licences included	10
Device licences included	1
Deployment	Web-based (on-premises)
