DESCRIPTION

The Bosch Rexroth strut profile 30x30 (article 3842992965) is a standard anodized aluminum profile for building modular structures, protective enclosures, fixtures, and workstation systems based on the 30 mm modular dimension. Four open slots (slot size 8) running the full length allow connectors, brackets, and T-nuts to be added at any face without removing the profile from the assembly.

- Four open slots (size 8) on all faces - connectors and fasteners can be added anywhere along the profile
- Anodized aluminum: corrosion-resistant, lightweight, natural color finish
- Cut-to-length from 60 mm to 6000 mm - ordered in exactly the length required
- Symmetrical 30x30 mm cross-section: equal area moments of inertia in both axes (2.8 cm⁴ each) for orientation-independent use
- Packaging unit of 1 - no minimum order quantity beyond a single piece
