DESCRIPTION

The Bosch Rexroth Door Handle Profile S6 reinforces frameless surface elements on sliding doors, providing a clean, grip-ready edge finish. Made from anodized aluminum, it accommodates 6 mm plate thickness and is equally compatible with 1/4 inch panels. The profile is supplied as a variable-length cut piece from 40 to 3000 mm.

- Material: anodized aluminum - corrosion-resistant with a durable surface finish
- Plate dimension s = 6 mm, also compatible with 1/4 inch plates
- Variable cut length 40 to 3000 mm, packaging unit 1 piece
- Integrates into the Bosch Rexroth assembly technology system for sliding doors
