

Führungsstange LF20 VA, Länge 150-2900 mm, Vollwelle VA induktiv gehärtet - Bosch Rexroth 3842993969

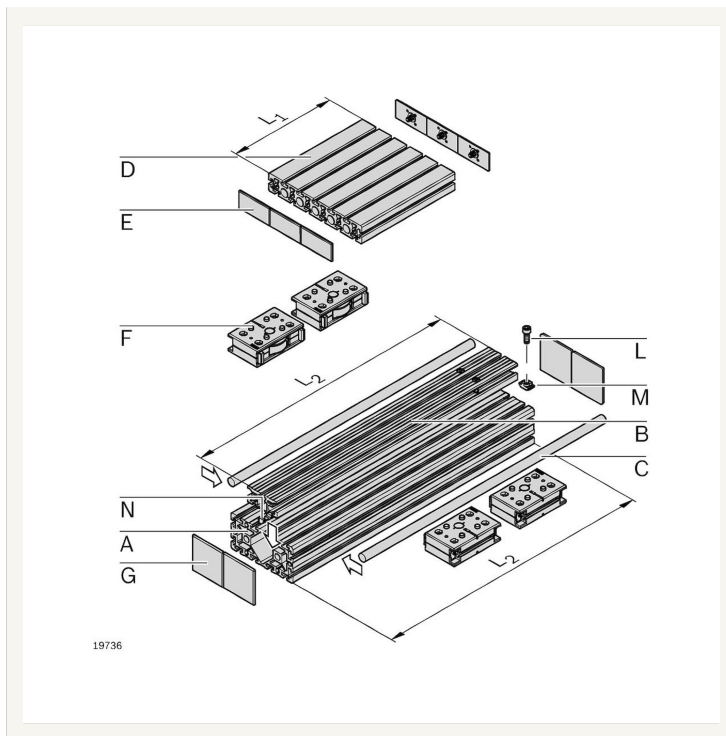

Item no. BRR-3842993969

Manufacturer Bosch Rexroth

Guide rod for the Bosch Rexroth LF20S roller rail system, made from an induction-hardened and polished solid stainless steel (VA) shaft. Supplied in variable lengths from 150 to 2900 mm, packaging unit 1 piece. Delivered ungreased; grease according to assembly instructions 3 842 527 226.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.1 kg
Zolltarifnummer	84831095

DESCRIPTION

The LF20 VA guide rod is a core component of the Bosch Rexroth LF20S roller guide system. Manufactured from a solid stainless steel (VA) shaft that is induction hardened and polished, it combines high wear resistance with corrosion resistance for demanding assembly and automation applications.

- Variable length from 150 to 2900 mm - adaptable to the exact installation requirement
- Solid shaft VA, induction hardened and polished - high surface hardness and dimensional stability
- Stainless steel construction (VA) - suitable for elevated corrosion protection requirements
- Delivered ungreased - greasing required per assembly instructions 3 842 527 226
- Packaging unit: 1 piece

TECHNICAL DATA

Attribute	Value
Condition on delivery	Variable length
Length min [L2 min]	150 mm
Length max [L2 max]	2900 mm
Material	Solid shaft VA, induction hardened, polished
Mass [m]	2.47 kg

Attribute	Value
Delivery information	Ungreased; greasing according to assembly instructions 3 842 527 226
Packaging unit	1 piece
