

Schutzrahmen WG40 mit Drahtgitter 40x40x4, B 250-1500 mm - Bosch Rexroth 3842994742

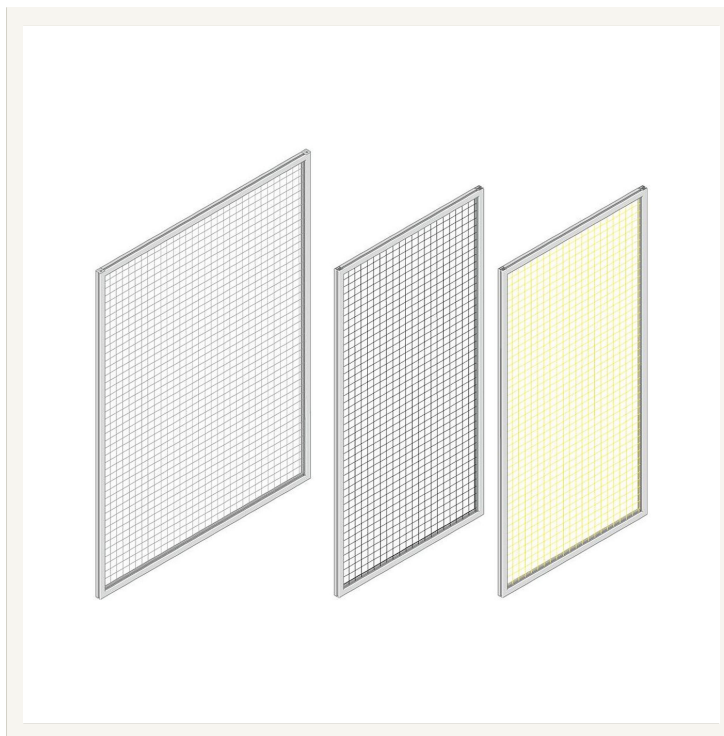

Item no. BRR-3842994742

Manufacturer Bosch Rexroth

Protective frame made of anodized aluminum profile 30x30 WG40 with hot-galvanized steel woven wire grille 40x40x4 for 45x45 support systems. Available in widths from 250 to 1500 mm and heights up to 2300 mm. Supplied fully assembled for single-fitter installation via suspension brackets.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.0099 kg
Zolltarifnummer	76101000

DESCRIPTION

The 3842994742 protective frame provides effective machine guarding on Bosch Rexroth 45x45 support systems. The anodized aluminum WG40 profile (30x30 mm) carries a hot-galvanized steel woven wire grille with 40x40x4 mm mesh. An optional color coating improves visual contrast in the protected area and keeps access routes and emergency exits clearly visible. The frame arrives fully assembled and mounts to the supports via suspension brackets - a single fitter is sufficient. Standard widths and custom dimensions are available; horizontally or vertically divided frames add rigidity for large surface areas. Compatible kit sets allow the construction of system doors, sliding doors, and double doors.

- Anodized aluminum WG40 profile (30x30 mm) - corrosion-resistant and dimensionally stable
- Hot-galvanized steel woven wire grille 40x40x4 mm with optional color coating for improved contrast
- Width 250-1500 mm (modular dimension B referenced to 45x45 supports), height up to 2300 mm
- Fully assembled on delivery - single-fitter mounting via suspension brackets
- Extendable to system doors, sliding doors, and double doors using optional kit sets

TECHNICAL DATA

Attribute	Value
Article number	3842994742

Attribute	Value
Frame profile type	WG40 (30x30 mm)
Woven wire grille	Steel, hot-galvanized, mesh 40x40x4 mm
Frame material	Aluminum, anodized
Width min. (B min)	250 mm
Width max. (B max)	1500 mm
Height min. (HR min)	250 mm
Height max. (HR max)	2300 mm
Modular dimension B	Referenced to 45x45 supports
Packaging unit	1
Weight	0.0099 kg (base unit; actual weight varies by dimension)
