DESCRIPTION

The conveyor section ST 4/R is a fully assembled track unit for the Bosch Rexroth TS 4plus transfer system. Supplied in lengths from 200 to 6000 mm, it is designed for longitudinal transport of workpiece carriers in linked assembly and production lines.

- Fully assembled - ready to install without pre-adjustment
- Flexible length range from 200 to 6000 mm for custom line layouts
- SP 4/R section profile in natural-colored anodized aluminum - corrosion resistant and lightweight
- FP 4/R guide profile in PA 12 - smooth, low-maintenance workpiece carrier guidance
