DESCRIPTION

The VarioFlow plus 90+ STS Clean conveyor section profile is the structural backbone of hygienic conveyor lines built with the stainless steel VarioFlow plus system. Manufactured from non-rusting steel 1.4301 (AISI 304), it meets the cleaning and corrosion-resistance demands of food, pharmaceutical, and medical-device production environments.

- Flexible length from 75 mm to 3000 mm supplied to order - no special cuts required
- Material 1.4301 austenitic stainless steel for high corrosion resistance and easy washdown cleaning
- Size 90 mm compatible with the VarioFlow plus 90+ STS Clean conveyor system
- Packaging unit: 1 piece; length specified at time of order
