

90°-Kurve KU 2/90 für Transfersystem TS 2plus, montiert - Bosch Rexroth 3842998098

Item no. BRR-3842998098

Manufacturer Bosch Rexroth

The Curve KU 2/90 redirects workpiece carriers through 90 degrees within the TS 2plus transfer system. Supplied fully assembled, it supports a section load of up to 90 kg in accumulation operation and is available in lengths from 160 to 1040 mm in the direction of transport.

TECHNICAL DATA

Ausführungsklasse **TEC**

Country of Manufacture **Germany**

Weight **0.1 kg**

Zolltarifnummer **84283990**

DESCRIPTION

The Curve KU 2/90 is a ready-to-install 90-degree deflection unit for the Transfer System TS 2plus. It integrates directly into existing lines and enables direction changes without additional assembly effort.

- Fully assembled on delivery - no component-level assembly required
- Section load in accumulation operation up to 90 kg - suitable for heavy workpiece carriers
- Length in direction of transport 160 to 1040 mm - adaptable to varied line geometries
- Preferred values 160, 240, 320, 400, 480, 640 and 800 mm - broad standard range for common configurations
- Operating temperature up to +40 °C - suitable for standard production environments

TECHNICAL DATA

Parameter	Value
Type	Curve KU 2/90
Deflection angle	90°
System	Transfer System TS 2plus
Length in direction of transport [IT]	160, 240, 320, 400, 480, 640, 800, 1040 mm
Preferred values	160, 240, 320, 400, 480, 640, 800 mm

Parameter	Value
Section load in accumulation operation	90 kg
Operating temperature max.	+40 °C
Scope of delivery	Curve, complete
Delivery information	Fully assembled
Recommended accessories	Section supports SZ 2/..., Accumulation pressure control e.g. with WI/M rocker, Connection Kits, LU 2 Automatic Lubrication Unit
