

Streckenstütze SZS/B - Bosch Rexroth 3842998585

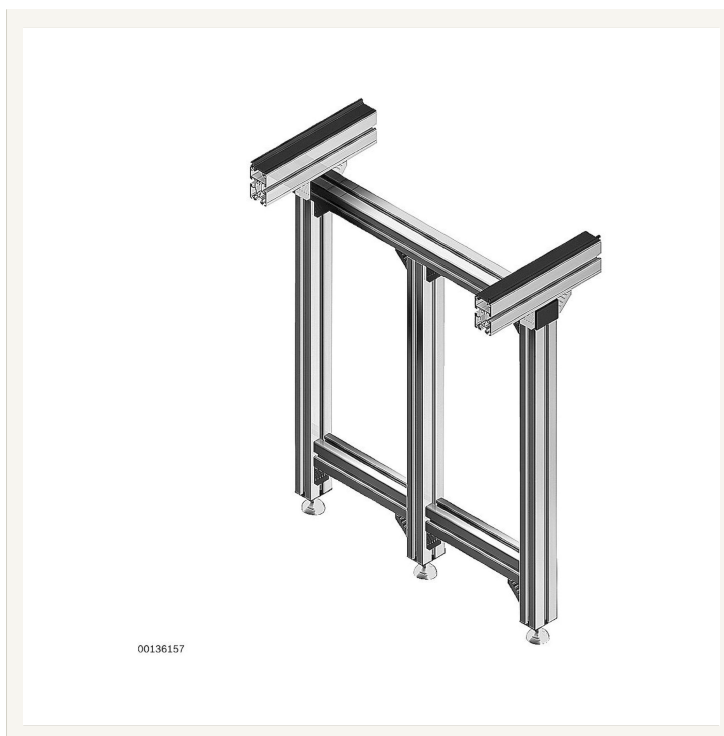

Item no. BRR-3842998585

Manufacturer Bosch Rexroth

Track support SZS/B for the Bosch Rexroth VarioFlow conveyor system. Holds conveyor track segments in position and stabilises the track layout. Suitable for building modular assembly lines in industrial production environments.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Germany
Weight	0.0099 kg

DESCRIPTION

The track support SZS/B is a mounting element for the Bosch Rexroth VarioFlow conveyor system, designed to brace and fix conveyor track segments in place. It is used wherever track sections need to be mechanically secured and held in their correct position.

- Compact design for space-saving installation in existing VarioFlow lines
- Low weight of approx. 9.9 g simplifies handling and assembly
- System-compatible with VarioFlow profile series track components
