

Rollenmitnehmerkette D20 VarioFlow plus 65, Länge 2898 mm - Bosch Rexroth 3842998720

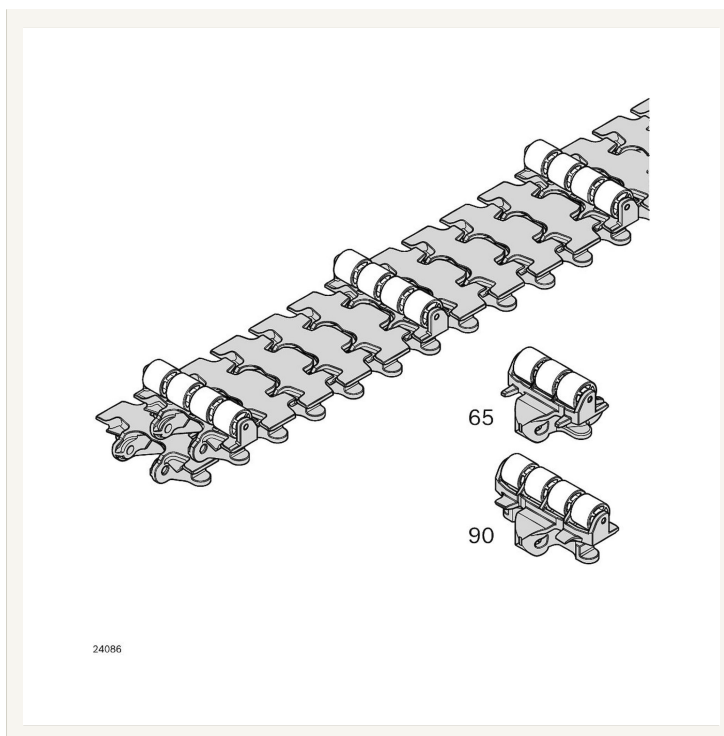

Item no. BRR-3842998720

Manufacturer Bosch Rexroth

Fully assembled roller cleated chain D20 for the VarioFlow plus conveyor chain system, size 65, length 2898 mm. Chain link and roller in POM, chain pin in stainless steel 1.4301, pivot pin in PA 66. Supplied complete including chain pin and jointed bolts, ready to install.

TECHNICAL DATA

Ausführungsklasse	TEC
Country of Manufacture	Austria
Weight	0.1 kg
Zolltarifnummer	39269097

DESCRIPTION

The D20 roller cleated chain for the VarioFlow plus conveyor system is sized for the 65 mm width and supplied as a fully assembled unit at a length of 2898 mm. The material combination - POM for the chain link and roller, stainless steel 1.4301 for the chain pin, PA 66 for the pivot pin - delivers low-friction, corrosion-resistant performance suited to continuous conveying applications.

- Size 65: direct fit into the VarioFlow plus system without modification
- Length 2898 mm: pre-cut and fully assembled, no further preparation required
- Complete scope of delivery: chain including chain pin and jointed bolts
- POM / stainless steel 1.4301 / PA 66 combination: low maintenance, smooth running, resistant to common industrial media

TECHNICAL DATA

Property	Value
Size [b]	65 mm
Length [L]	2898 mm
Chain link	POM
Chain pin	Non-rusting steel 1.4301
Pivot pin	PA 66

Property	Value
Roller	POM
Delivery condition	Fully assembled, incl. chain pin and jointed bolts
Packaging unit	1
